

## Tengwa ABC

Come and gather by this oak  
Rest your staff and doff your cloak  
Sit ye down and learn each sound,  
Name and shape in this book found:

All the tengwar of the elves  
That they would avail themselves  
Of, to pen their tomes of lore  
And record what came before.

Feast your eyes and soon you will  
Eagerly reach for your quill,  
Overcome with ecstasy  
At Feanor's legacy!

In your hand this work we trust,  
Do not let it gather dust  
But enrich your lexicon!  
Read it, use it, pass it on.
